Software Engineer

01/2024 – 04/2024
Dhaka, Bangladesh **Zaman It** [🔗](#)
Software Engineer(Intern)

PROJECTS

ERP & CRM Software

Developed an integrated ERP and CRM system using CodeIgniter, MySQL, and JavaScript.

- The ERP manages inventory, orders, finance, and HR, while the CRM handles customer management, sales tracking, and lead generation. Implemented real-time reporting, role-based access, and data analytics for optimized business operations and customer relations.

Ecommerce-Website

Completed Projects in Collaboration with ZamanIT

- **bizworld.com.bd** [🔗](#) Developed a multivendor platform using Laravel, allowing multiple sellers to manage their stores, products, and orders within a single marketplace.
- **Rm-lifestylebd.com** [🔗](#) and **Bizzplant.com** [🔗](#) – Built single vendor e-commerce platforms with Laravel, offering streamlined management for product listings, customer interactions, and sales tracking.

Customized Business Solutions with Laravel

- **NPLbd.net** [🔗](#) – Working on developing a platform with Laravel, focusing on specific business requirements and delivering tailored solutions.
